Teeth Extracted without the slightest pain

with or without gas.

¶ After years of patient thought and study Mr. Forman has at last discovered a preparation by the use of which he guarantees to extract teeth without the slightest pain. Any particle of tooth substance may be removed by this process without the least discomfort. This preparation leaves no after-effects whatever.

¶ Mr. Forman's many years of practical experience in the extraction of teeth is at your disposal. These years of experience have won for him the reputation of being one of the most skilful and careful Painless Extractors of teeth in this district. Numerous letters of appreciation have been received from many patients emphasising his special abilities in this direction. He is most highly recommended by upwards of 150 Chemists.

¶ Children, Elderly People, and those of delicate constitutions, need not have the slightest fear in this, the latest scientific discovery in the extraction of teeth, for there will be absolutely no pain.

**The charges for these 1/- per
extractions are from tooth.**

**When Artificial Teeth are required, all ex-
tractions are free by this method.**

¶ To those requiring extractions by gas, however, Mr. Forman would say he has installed the latest apparatus (Dr. Hewitt's) for the combined administration of gas and oxygen, the best anæsthetic known. This anæsthetic is perfectly safe and reliable, and applicable to all constitutions.

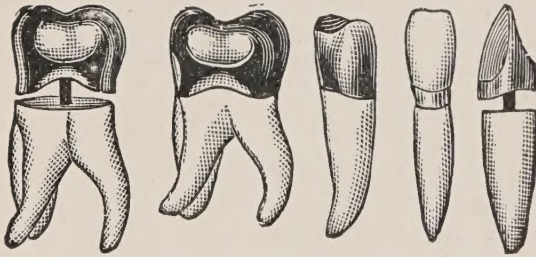

**Extractions by 2/6 per
this method & tooth.**

The Latest American Crown — and Bridge Dentistry — PLATELESS TEETH

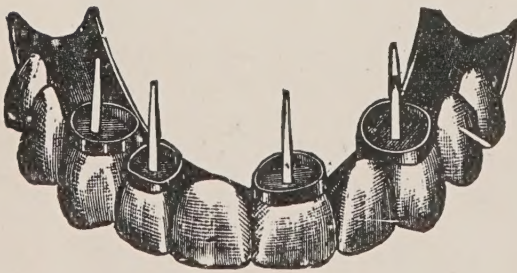

For some considerable time Mr. J. W. Forman has made a special study of the adaptation of Artificial Teeth by the American Plateless method as advertised by the leading London Specialists, and will be pleased to consult those desiring this class of work.

This illustration shows method of fitting single teeth without plates.

Showing how four front teeth are fitted by American Dentistry.

These two illustrations show how a complete top set of teeth are fitted. One by means of pivots and the other by means of two gold crowns.

Mr. J. W. Forman will be pleased to give you any information about American Gold Crown and Bridge Dentistry without incurring any obligation.

Artificial Teeth

¶ This branch of Dentistry has made such great progress during the last few years that Artificial Teeth can now be adapted and fitted so perfectly that, not only is it impossible to detect them, but they fill their requirements so well that the wearer hardly knows himself which are real and which are artificial.

A SPECIAL FEATURE.

TEMPORARY UPPER SETS OF TEETH SUPPLIED FREE OF CHARGE to all patients purchasing a set of 5/- teeth.

¶ This is a splendid boon to business people and a great convenience to anyone requiring New Teeth.

By this method patients do not have to be without teeth during all of the time required for the setting of the gums for the permanent teeth.

¶ Artificial Teeth are fitted on plates of Vulcanite, Dental Alloy, Gold, etc., at the lowest possible charge compatible with good materials and the best of workmanship. Mr. J. W. Forman will be pleased to give anyone needing Dental Attention his advice without incurring any obligation whatsoever.

In cases where desired Mr. Forman will attend patients in the privacy of their own homes, either in town or country. No extra fee is charged by this arrangement and the patient is relieved of all inconvenience.

Prices: Single Teeth—2/-, 3/-, 4/-, 5/- and upwards
Complete Uppers or Lower—£1, £2, £3,
£3 10s. and upwards.

Expert Dental Repairs

An Exclusive Laboratory for this important Branch

¶ For the convenience of his many patients Mr. Forman has found this laboratory essential for giving immediate attention to repair work of all descriptions, obviating all the inconvenience usually experienced whilst waiting for Dental Repairs.

In special cases, repairs can be delivered to the patient within one hour of his receiving them.

¶ Only the best materials are used. The prices are exceptionally low, consistent with first-class workmanship.

¶ Mr. Forman specialises in all kinds of repair work, no matter by whom your teeth were made. All cases entrusted to his care receive his own personal attention, thus ensuring perfect satisfaction.

Repairs received by post will be returned the same day if required, post-paid.

Perfect satisfaction is guaranteed every patient.
